

Individual... *Purchase*

NISSAN **ACQUIRE**

Nissan Acquire's retail instalment (hire purchase) plan is one of the most popular methods of purchasing a new or used vehicle. It allows you to drive away, pay as you go, and at the end of the term you own the vehicle.

Benefits of Nissan Acquire

AFFORDABILITY

By spreading the cost of the vehicle over an agreed term, the Nissan you want is yours at the end of that time.

FLEXIBILITY

Nissan Finance can vary the initial deposit and contract length to suit you. We can also negotiate a balloon payment on top of your monthly instalments, or structure your repayments to your individual circumstances, such as fluctuations in income due to seasonal work or company bonuses.

About Nissan Finance

Nissan Finance provides tailored finance and lease solutions through the Nissan dealer network for new and used cars, for both individuals and businesses.

Easy, fast approval

Getting finance approval from Nissan Finance is easy and quick. All you need to do is fill in a straightforward application form and you'll have a response within an hour.

Contact Nissan Finance or your local Nissan Dealer

Whatever your finance or lease needs, Nissan Finance can tailor a package to suit you. Contact us now to see how we can help on freephone 0800 52 00 13 or email nissan@nissanfinance.co.nz. We look forward to helping you drive away in a new Nissan.

Business and Fleet... Lease

If you are self-employed with one vehicle or run a business with several vehicles or a fleet, it makes good sense to lease and free up valuable capital. We have two leasing options, **Nissan Advantage** and **Nissan Advantage Plus**.

General Benefits of Leasing

COST-EFFECTIVE

The initial outlay is low, and leasing eases cash flow constraints as working capital isn't tied up in your vehicle or vehicles.

TAX DEDUCTIBILITY

Monthly lease payments are directly tax deductible.

CREDIT LINES

Leasing leaves your business' credit lines undisturbed and available for other requirements.

Business... Lease

NISSAN ADVANTAGE

Nissan Advantage is a flexible and cost-effective way to lease a business vehicle, with the option to purchase for a fixed amount at the end of the lease.

Benefits of Nissan Advantage

FLEXIBILITY

One month's rental in advance is required at the time of lease; however, this can vary along with the contract length and residual value. Payments may also be structured to align with your business' circumstances, such as fluctuations in income.

UNLIMITED KILOMETRE ALLOWANCE

There's no kilometre allowance, however, the expected kilometres travelled during the lease will be taken into account when calculating the expected price (called the residual value) to minimise your residual risk.

END OF CONTRACT OPTIONS

At the end of the contract you can purchase, trade or return the vehicle. If you return the vehicle to us, we will sell it. The residual value of the vehicle at the end of the lease is set when the lease is signed.

If the vehicle is sold for more than the residual value, the excess will be refunded to you as overpaid rental; however, if it is sold for less than the residual value you will be required to make a top-up payment to cover the owing rental.

Fleet... Lease

NISSAN ADVANTAGE PLUS

Nissan Advantage Plus has been especially designed to suit businesses with a fleet of vehicles.

Benefits of Nissan Advantage Plus

LOW INITIAL OUTLAY

Only one advance monthly rental payment is required.

NO RESIDUAL (DEPRECIATION) RISK

At the end of the term you simply return the vehicle and can replace it with another. We take care of the sale of the vehicle and there is no residual risk as a result of that sale. However, you also have the option of tendering for the vehicle if you wish.

FULLY MAINTAINED OPTION

If you choose a fully maintained lease the costs of routine servicing, replacement tyres and re-licensing are all included in your regular payments.

CREDIT LIMIT

Nissan Finance will set up a credit limit based on your total fleet requirements so you only have to fill in one set of paperwork and simply order vehicles as you need, within that limit.
